

Logistics Solutions for the Pharmaceutical and Nutraceutical Industries

Sometimes the pharmaceutical and nutraceutical industry requires more than just a simple pick up and delivery. Contact EFL for a wide range of comprehensive health science services including:

- Expedited Services
- International Capabilities
- Samples shipping - Temp controlled
- Controlled Substances Transport
- High Value Cargo Security Protocol
- National Distribution
- Temperature Control with electronic verification
- Security with 24/7 monitoring
- Multi-modal utilizing LTL and Full Truckload Services

EFL's experience in Bio Logistics successfully serves a variety of industries including:

- Pharmaceutical & Nutraceutical
- Medical Devices
- Laboratory Sciences
- Agricultural Services & Products
- Chemical Manufacturing

Logistics does not have to be complex. With one call or email, let EFL's professionals show you how we can take the worry out of these shipments. Comprehensive and Reliable, the EFL way.
